Vetrovsky recognized for service, term on Legislative Task Force

SUBMITTED TO THE DAILY SUN

Marlene Vetrovsky, a branch office administrator at Edward Jones in Beatrice, recently was recognized for serving three years on the firm's Branch Office Administrators' Grassroots Legislative Task Force, a group dedicated to raising issues on the minds of individual investors to local, state and national lawmakers.

The BOA Grassroots Task Force, introduced in 1996, is modeled after a similar legislative task force that is made up of financial advisors.

Because Edward Jones is the only firm in the industry dedicated to serving individual investors exclusively, Vetrovsky said, "we believe we are uniquely qualified to speak on behalf of those investors."
